

MEET OUR HORSES!

While our lesson horses do a great job at earning their keep, at the moment these amazing equine teachers find themselves unemployed, yet still needing the care and attention they usually get to be ready for when their riders return to the barn.

For those of you who might be unfamiliar with our hard working team, here they are:

BANDIT

Naughty might be this guy's middle name, but he's one of the best horse instructors ever!

PEACHES

Little miss wonder pony, always looking for a good body scratch.

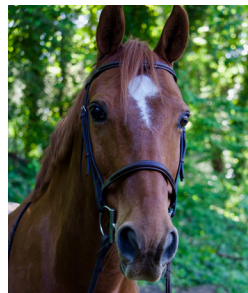

CAPPY

Our resident unicorn. Cappy does it all and loves his cookies.

VIOLET

Quiet and sweet, this lovely mare misses her beginner riders.

MILO

Sweet as a puppy and always happy to work. Milo loves a good currying session.

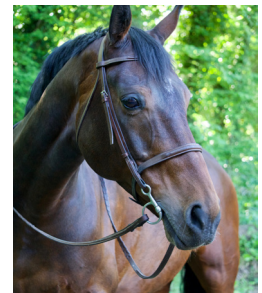

OATIS

Everyone's favorite mascot! He loves nothing better than a treat and adoration from his fans!

JAY

Knows a little bit of everything and loves to work, watermelon is his favorite treat.

BRANDI

Beautiful and talented, Brandi loves cuddles from her riders.

THANK YOU!
